

EXCOM 83-014  
31 October 1983

MEMORANDUM FOR: Executive Committee Members  
FROM: Executive Director  
SUBJECT: Proposed Executive Committee Meeting Topic: Career Trainee Program

1. Attached is a paper from Evan Hineman which raises some essential questions about the objectives and scope of the Career Trainee Program. They are worth further consideration by the Executive Committee.

2. I have attached, also, some extracts from the History of the JOT Program to give some feeling for previous debate on and experience with the Program.

3. I ask that Harry Fitzwater have  Director of Training and Education, pull together Directorate views and present recommendations to an Executive Committee meeting after the first of the year.

13 OCT 1983

MEMORANDUM FOR: Executive Director

FROM: R. E. Hineman  
Deputy Director for Science and Technology

SUBJECT: Career Training

1. This Directorate's role of providing technical support to Agency and national programs is made easier and more effective if Directorate officers have a broad understanding of the Agency and the Intelligence Community. Although such understanding can be obtained from experience, training and developmental programs would be a faster and better means. Paralleling the needs of this Directorate is, I am convinced, a need within the Agency to develop broad-based professional intelligence officers. The ideal would be a continual development process beginning at entrance on duty and involving a combination of training and varied assignments that broaden perspectives, enhance skills, and sublimate parochialism.
